## CUSCO - KORICANCHA - SACSAYHUAMAN

### Itinerario

- One of the biggest celebrations within the Inca empire, which is celebrated on the 24th of June, this festival in honor of the Sun God takes place in three historical and natural spaces.
- Scenarios that are normally used for the staging because of its importance and transcendence are the Qoricancha, which in ancient times was the main temple dedicated to the Sun God (Golden Palace), the Main Square of Cusco, which during the Inca Empire was also used for the ceremony that took place with great fervour and the archaeological center of Sacsayhuaman, a very important place for its beauty and its imposing construction.
- So this day we will pick you up at your hotel and take you to the first stage, which is the Qoricancha, this depending on how the traffic is, we can pick you up in a private car or walk if necessary.
- Afterwards we will be taking you at a suitable time to Sacsayhuaman, remember that we will be at more than 11,650 feet above sea level, and one kilometre from the Inca House, in the Qolqanpata Quarter, in Sacsayhuaman, here the main performance will take place.
- This staging will end at approximately 04.00 Pm, so the transfer to your hotel will be in the afternoon.
